## Impressum

*Notarius International* is a journal of the *Union Internationale du Notariat Latin* (UINL), the world-wide association of Latin (civil law) notaries.

*Notarius International* aims to provide a forum that facilitates the international aspects of notarial work. Comparative work in any field of law dealt with by notaries is welcomed. By providing this platform for international exchanges of views and news, the *Union Internationale du Notariat Latin* (UINL) aims to support notarial practitioners in solving international law problems arising from their work as well as to facilitate research by scholars in comparative law in these legal fields. The UINL further aims to strengthen relations with its members, including both institutional and, in particular, individual members, as well as with the numerous international and supranational organisations to which the UINL is affiliated.

*Notarius International* has five official languages: English, French, German, Italian and Spanish.
